A Hardwood Floor of any Color
You may Choose for \$2.50

There still are too few people who realize that a hardwood floor can be made to imitate a genuine hardwood floor with this new patented Graining System. This process does not require the services of a professional wood worker. The Graining Tool takes the place of skill and can be successfully used by the inexperienced man or woman. This makes it possible for any one at a very slight expense to enjoy the beauty of a hardwood floor. This Graining Compound when applied to one or two coats of Chlor-Sol paint makes a surface that will out wear any ordinary varnished floor many times over.

CALLED TO GLENWOOD.

Rev. H. T. Money Baptist Missionary For Tarrant County.

Fort Worth, Feb. 15.—Rev. H. T. Money, one of the missionaries of the Tarrant County Baptist association has been called to the pastorate of the Glenwood Baptist church to succeed Rev. R. B. Morgan, who was compelled to tender his resignation on account of failing health. Mr. Money has held the position of missionary for this association for three years and his work in that capacity is well and favorably known over North Texas.

He came here from Greenville and also served as pastor at Commerce before coming to Fort Worth. He has made his headquarters in this city. While it is not settled yet as to whether he will accept the call, it is believed that he will.

Several weeks ago Rev. R. B. Morgan was called to the pastorate of the Baptist church at Memphis, but the negotiations were deferred pending a restoration of his health.
